Dark Genome and Cancer

JOURNEE LOUISE HAREL
Friday, February 07, 2020
Institut Curie - Paris

Program

09.00 - 09.30
Welcome participants:
Manuel RODRIGUES, President of the Société Française du Cancer
Claire ROUGEULLE, Université de Paris
Stephan VAGNER, Institut Curie

09.30 - 13.00
Conferences:
Antonin MORILLON, TBA
Igor ULITSKY, “Functions and modes of action of long noncoding RNAs in mammalian cells”
Coffee break
Maïte HUARTE, TBA
Michaela FRYE, TBA

13.00 - 14.10
Lunch

14.10 - 18.00
Conferences:
Rory JOHNSON, “Driving in the dark: mutated long noncoding RNAs in tumorigenesis”
Eleonora LEUCCI, “LncRNAs and adaptative responses in cancer”
Coffee break
Reuven AGAMI, “regulatory DNA elements”
Edith HEARD, TBA
